Body Massage, Hand & Feet care

Massage is customised to revive the body and relieve stress and tension.

Choose from Relaxation, Aromatherapy, Sports.

Stone therapy massage utilises hot stones and incorporated techniques in order to bring about a feeling of deep relaxation and well being with the smells of all spices incorporated with the treatment. When used with massage can provide benefits that are not possible through normal massage.

Feet Care:

A relaxing treatment containing all the necessities, you will look your best for any occasion. Consisting of clip, file, cuticle, clean, foot scrub massage, and paint (these steps are also included in the spa treatments)

*Health fund approved depending on health cover and therapist selected.
